

MONTHLY SUBSCRIPTION

Subscribe to a database of Email Addresses for decision makers across Compliance, AML, FinCrime, Legal, Risk and Fraud Detection

Subscribe to the world's largest, and most current audience of AML, Compliance FinCrime, Legal & Risk personas. With over 95,000+ email addresses in over 50 jurisdictions, the monthly subscription provides a launch pad for RegTech vendors intending to increase their audience engagement and grow brand awareness.

Our experienced Gungho Account Managers help to accurately navigate the personas, making sure the widest possible audience is targeted. Job Titles, Accounts, Industries, Geographies & Time Zones are accurately segmented to create those all-important target lists – keeping your open, click-through & response rates high.

How does it work?

1 Access 52,000+ Accounts

The Gungho data set comprises of layered account information, including company name, structure, industry, turnover, employee size, assets under revenue, time zone and head office location. The accounts profiled are regulated entities, who require Compliance, AML, FinCrime, Legal, Fraud and Risk based software & services.

2 Email Content & Email Design Creation

Our subscribers are responsible for creating their own content and producing the HTML design templates.

3 Navigate Accurately to Build Target Email Lists

Collaborate with your dedicated Account Manager, to establish the best audience engagement for your event or product launch. Use automated list building tools to determine criteria such as Job Title, Industry, City, Country, Time Zone etc and precisely target your audience.

4 Dashboard & Reporting

Each month, your Account Manager will review analytics to determine open & bounce rates, Opt-Ins & Opt-Outs. Via dashboard reporting, ROI & success rates are shared and used in planning the next phase of your campaign.

5 Access 95,000+ Email Addresses of Compliance & Risk Personas

Contacts are profiled by Job Title, City, Country, Region & Time Zone. This level of detail is especially useful for inviting prospects to attend conferences, seminar, or any in-person event.

6 GDPR, Privacy Rules and Data Protection

Gungho will ensure that your Suppression Lists are matched against Target Email Lists, and any matches removed. Requests for Information, or Request to be removed from the Email recipients will be processed according to GDPR.

Tracking Responses

Access the contact details of Opt-In or Opt-Out requests, enabling Sales & Marketing teams to respond.
